Senior Sunsetter Sanctuary Program

Meet Sassy Little Sofia

...

This little girl is a true miracle! BROCC rescued Sofia from the South L.A. shelter in May of 2018. She surrendered to the shelter when her previous owner passed away. The owner's son reported that Sofia had fallen off the couch a few months

before and was unable to use her back legs. She was literally dragging her hind legs and was unable to control her bladder or bowels. BROCC had an MRI performed that reported she had a ruptured spinal cord. The orthopedic specialist insisted she would never walk again.

BROCC purchased custom wheels and Sofia took off running as soon as she got into them. This restored the mobility she had lost and enabled her to increase the usage of her back legs.

Today, Sofia is the happiest little girl and chases bunnies and her fur brother Parker around without wheels. Yes, she can walk and run like every other pup. Sofia has been such a blessing to all of us. She proves that with lots of love, attention, and determination anything can be overcome. Everyone that knows about her asks "How did you do it?" We believe she did it! Sofia believed in herself and had the determination that she could still walk – and she did! This is one of our many stories that demonstrate how these beautiful fur babies can teach us humans a thing or two!

At nine years old, Sofia is one of our favorite "Sanctuary Pups". Because of her inability to control her bladder and bowels, BROCC will provide all her care for the rest of her life.

We hope you will join us for the ***Wags and Wine Fall Fundraising Event*** on October 14th to support Sofia and all our Senior Sunsetter Sanctuary pups.

What IS the Senior Sunsetter Sanctuary?

The ***Senior Sunsetter Sanctuary Program*** provides ongoing medical care along with all the other daily needs of our senior pups who are considered unadoptable because of age, health or behavior. Some of these have constant medical needs and others are in the final stages of illness. Some have special behavioral issues; and all are seniors 9 years old and up. Without sponsors like you, BROCC could not continue its mission of protecting and caring for senior pups that cannot be adopted.

Please join us in supporting our upcoming fundraiser and continue to show you care.
